St. Joseph's College

June 2008 - June 2018

84.40%

PROJECTS

FitHub

Self-Learning Project

December 2022 – January 2023

- Created a responsive fitness website in React JS with exercise information sourced from an API, including YouTube videos and categorized exercises.
- Implemented React Router for seamless navigation and pagination for efficient content browsing.
- Enhanced the user interface with Material UI for a visually appealing and consistent design.

QuizMaster

Self-Learning Project

November 2022 – December 2022

- Developed a responsive quiz app in React JS with fixed questions, providing comprehensive feedback and displaying the total score.
- Implemented smooth UI, Material UI components, and separate components for modularity.
- Utilized React DOM for efficient rendering and BrowserRouter for seamless navigation.
